Dear {{ contact.FIRSTNAME | default : "Friend" }},

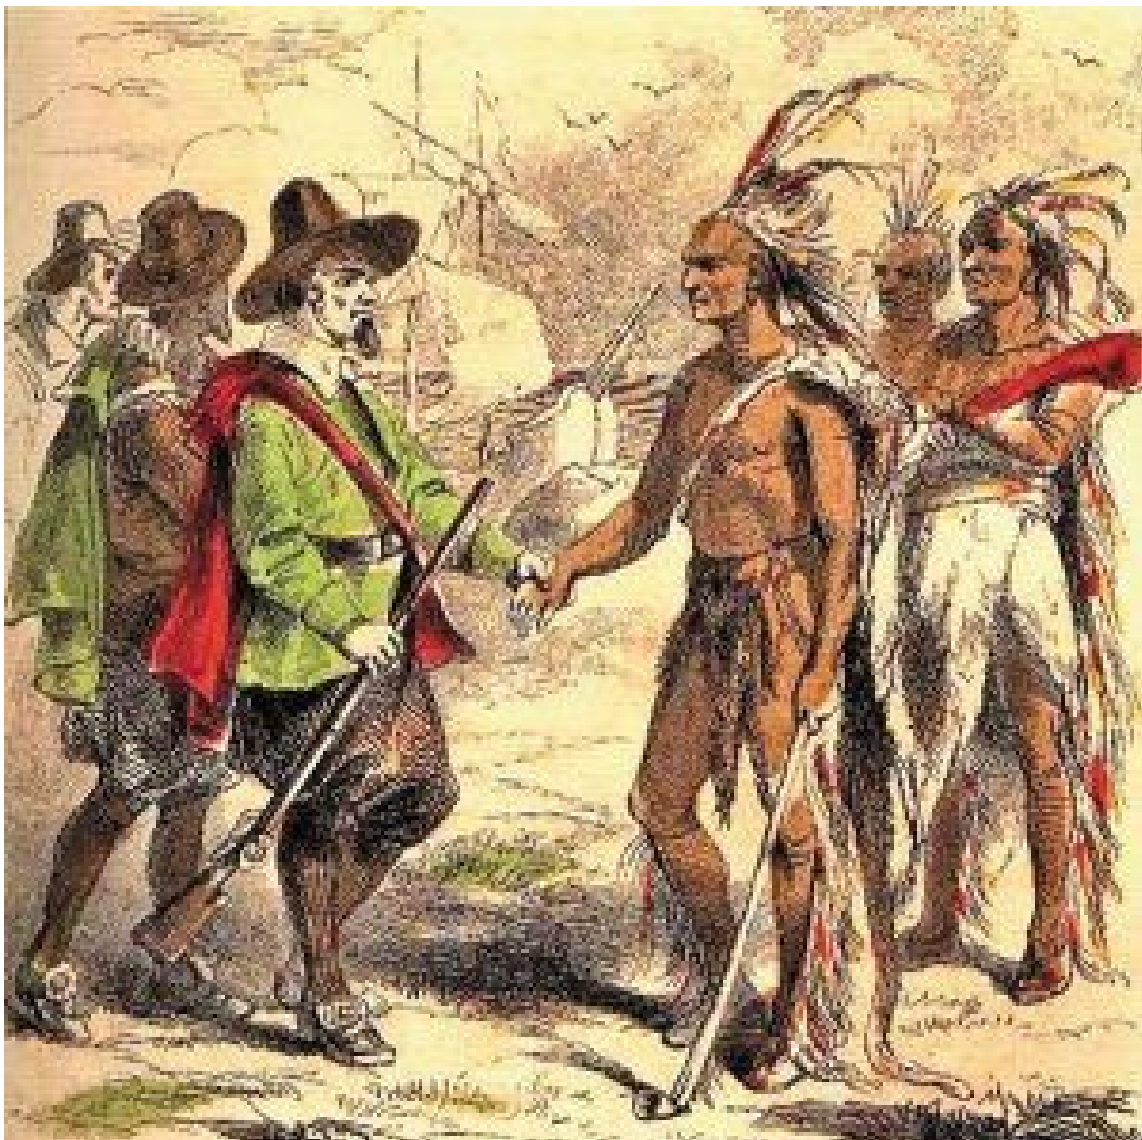

It's a gloomy Thanksgiving day here in Cincinnati but our spirits are bright and warm! I woke up in so much power of the Holy Spirit thinking of our pilgrim forefathers and all that they sacrificed to birth this great nation! As I laid in bed and kept praying, I prepared to get up and read in my Founder's Bible- I'm currently in the book of Daniel. And I had a brief thought of how wonderful it would be if the extra reading in the chapters I was in were to be about the pilgrims. I'll even say I thought that if it were, I would take it as a sign that not only my family & I were on the right path and God was smiling, but that His amazing plans for this nation were unfolding even when we can't see it. I dismissed this thought almost as soon as it came, "Surely the likelihood that I would find myself reading about the pilgrims instead of the countless other passages in the Founder's Bible is slim indeed." And yet, as I sat down starting in Daniel chapter 8 and kept reading into 9, lo and behold! Here was a passage about my FAVORITE subject in the world, the pilgrims and the National Monument to Our Forefathers. If you watched our Thanksgiving Special last night, you know how much of an incredible surprise this was to me! I nearly cried! How good is our God!

I'm so grateful for the beautiful and RICH story of the pilgrims and that it is still be preserved to this day by so many!

I would like to encourage you as you head to gatherings with family who may not see the world or our history the way that you do the real TRUTH of this incredible day. Thanksgiving is a day of the MIRACULOUS union of two tribes of people: the pilgrims and the Wampanoag. They had the longest lasting peace treaty in the history of our nation, it lasted for 50 years. Justice was always served between the two groups of people, with the white man equally being held accountable if they did harm to someone regardless of if they were a native or not. Chief Massasoit loved the pilgrims so much he moved his entire tribe right next door so they could live amongst one another. They created a covenant. At the first Thanksgiving, the pilgrims invited Massasoit, and he brought 90 braves with him. The pilgrims were so thankful for the help from the English speaking Squanto, who they considered to be a divine gift from God and admitted they didn't know if they would have survived without him. When Squanto was dying two years after he encountered the pilgrims, he said he wished to go to heaven with their God. Another special gift from God was Habbomock, who actually lived with the pilgrims as their special friend and blessing to help them. In the history of this

nation, there were certainly countless wrongs done to the native Americans here. Those wrongs have yet to be made right. But on THIS day we choose to celebrate the time when things were done RIGHT and in the power and anointing of God. When two peoples, worlds apart in experience and way of living, banded together, became family, and worked together to create community and mutual respect and love. There are countless stories from this amazing 50 year peace treaty and how God moved in so many amazing ways. If you would like to hear them or learn more here are some great resources: William Federer's [American Minute](#) website and books, Leo and Nancy Martin of [the Jenney](#) Museum in Plymouth, MA, and David Barton's [Wallbuilders](#). BUT today, on Thanksgiving I have a few ways for you to get your feet wet to learn the providential story of the pilgrims BELOW! # WHAT TO DO BEFORE YOU GET THE BUG

BY: LEAH SVENSSON

## What to Do Before You Get The Bug

This is the much asked for follow up article to [What to Do If Your Family Gets the Bug](https://www.resistancechicks.com/what-to-do-if-your-family-gets-the-bug/) which I wrote while our family was recovering from the relentlessly nasty Delta version of whatever this thing is.

My previous article is still a wealth of information and I highly recommend you read and share it. Now that the dust has settled over the evil, FDA horse-paste debacle, which saw thousands of pharmacies simply refuse to fulfill much needed prescriptions on the midst of a crisis, and the milder “Omicron” seems to be taking pre-eminence, “yesterday” was the perfect time for you and your family to get the things you need on hand BEFORE you get sick. Yes, I said yesterday. Don’t wait until you are sick. Get early treatment on hand NOW! These Covid treating meds actually seem to be working on any number of colds and flus going around.
